Subject: My Business and Line Sharing

Hi,

I am a small business owner. I am opening stores around the company that buy/sell sports memorabilia, it is important that each store has a high speed Internet connection to have access to on-line auctions like ebay. I have 5 stores open now and have dealt with 3 companies for DSI - COvad, New Edge, and SBC. OF all the three I got the best service and best pricing from the little guys Covad and New Edge, Its very important to me that my business has competition in the DSL market (for better pricing and service) as I plan to open another 15 stores in the next 2 years. Please allow lines sharing to remain, competition is as American as the baseball's I sell! -Thanks!
